August 10, 2018

Subject: Green Road Improvements Project (2018 Community Crossing)
From Park Blvd to Willow Bay Drive
CC-2018-01

Notice of Survey

Dear Property Owner:

Our records indicate that you own or occupy property near the subject proposed roadway project. Representatives of the City of New Haven will be performing a survey of the project area in the near future. It may be necessary for them to come onto your property to complete this work. This is permitted under Indiana Code 8-23-7-26. They will show you their identification, if you are available, before coming onto your property. If you have sold this property, or it is currently occupied by someone else, please let us know the name and address of the new owner or current occupant so that we can contact them about the survey.

At this stage, we generally don't know the effect, if any, that our project may eventually have on your property. If we determine later that your property is involved, we will contact you with additional information.

The survey work will include mapping the location of features such as trees, buildings, fences and drives, and obtaining ground elevations. The survey is needed for the proper planning and design of this transportation project. Please be assured of our sincere desire to cause you as little inconvenience as possible during this survey. If any problems do occur, please contact the field crew or contact me by phone or address shown below. You can also contact the Project Manager, Chanchai Hocharoen, at A & Z Engineering, LLC, 1220 Ruston Pass, Fort Wayne, IN 46825, (260) 485-7077.

Thank you in advance for your cooperation.

Sincerely,

Keith A. Schlegel
Director of Engineering
